## PROGRAMME CONTINUED...

14:15

OR

### Shaking up our primary industries

A dive into the challenges for those working in our primary industries, and where they've found success for their business - sometimes in unlikely places

*Glen Herud, Happy Cow Milk Co., and Hamish Reid, Synlait*

### Sustainability of the self

Hear from a family who gave up convention for life on the road in a biodiesel house bus, and how they've reconciled personal values with being present in business

*Campbell Sturrock and the Loop Crew*

15:00

*Break*

*Visit The Loop Crew bus*

15:25

OR

### The future of our food systems

What does our food future look like? Our presenters will suggest it's something very different to the current state of play...

*Deborah Manning, KiwiHarvest; Andrew Fisher, EcoStock; and Malcolm Diack, Otago Locusts*

### Partnering for good

The best organisations look far beyond their own walls, generating positive impacts on people's lives. For this bunch, partnerships are integral to their business and ongoing success

*Matt Morrison, Karma Cola; Mark Roberts, Alsco; and Brad Kirner, Auckland Whale & Dolphin Safari*

16:05

OR

### Disruptive technology

Tracking fish from vessel to the supermarket, the Blockchain Supply Chain Traceability Project is using digital technology to strengthen supply chain management

*Livia Esterhazy, WWF New Zealand*

### Number Eight Wire

Hear from true blue kiwi businesses who have built their endeavours from the ground up, with sustainability embedded from the get-go

*Progressive Group and Kokako*
